

ONE FINTECH CLIENT

**1,500** COLD EMAILS A  
DAY. 26,000  
CONTACTS. **1-2**  
**DEMOS A DAY.**

The rhythm that made it hold.

---

volume dies from boredom, not one big mistake

THE SETUP

# SECONDARY DOMAINS **ONLY.**

Enough mailboxes that none carries more than about 50 a day. **Every one of them warmed before day one.**

the infrastructure

EVERY DAY

# THE HEALTHY POOL DOES THE SENDING.

Today's segment sends from the healthy pool only. Reply inbox worked inside 24 hours. Positive replies: CRM record, **LinkedIn connection request, meeting attempt.**

replies never wait overnight

**SWIPE →**

EVERY FRIDAY • THE LIST

# 26,000 CONTACTS IS SEVENTEEN SENDING DAYS.

Verify next week's segment. Re-verify anything old. **Refresh from source, because the list work never stops.**

the list ages faster than you think

EVERY FRIDAY • THE COPY

# RANK THE ANGLES. CUT THE LOSER.

Rank by positive reply rate. Cut the lowest. Write one new one. **Sharpen the ICP sentence with what the replies taught you.**

the sentence gets sharper every week
