

RUN IT ON YOURSELF

THE 30-MINUTE GTM AUDIT

Eight checks. Three numbers at the end.

one point per check • most companies land at three

SWIPE →

Founder, The Demand Department

CHECK 1 OF 8

1 IS COLD EMAIL LEAVING THE MAIN DOMAIN?

Secondary domains, warmed mailboxes, SPF, DKIM, DMARC, volume per mailbox. **Fail this and everything downstream is fiction.**

PASS · one point

FAIL · you found a leak

one point if the main domain never sends cold

SWIPE →

Founder, The Demand Department

CHECK 2 OF 8

2

DATABASE EXPORT, OR SIGNAL-BASED?

Where did the last 1,000 contacts come from, and when were they verified?

Bounce rate on the last campaign.

PASS · one point

FAIL · you found a leak

one point for signals, verified

SWIPE →

CHECK 3 OF 8

3

CAN SOMEONE SAY THE ICP IN ONE SENTENCE?

Who's in market and what signal proves it? **If the answer is a firmographic range, that's a TAM, not an ICP.**

PASS · one point**FAIL · you found a leak**

one point for a behavior with a number

SWIPE →**Vesselin Malev**

Founder, The Demand Department

CHECK 4 OF 8

4

WHAT HAPPENS BETWEEN THE CHANNELS?

What happens on LinkedIn when an email gets a positive reply? What happens on email when a post gets a comment? **"Nothing" is the most common answer we hear.**

PASS · one point

FAIL · you found a leak

one point if anything fires automatically

SWIPE →

Founder, The Demand Department

CHECK 5 OF 8

5

HOW FAST DOES A YES GET A MEETING ATTEMPT?

Under 24 hours, or the meeting is usually gone. **Who owns it, and do they know they own it?**

PASS · one point**FAIL · you found a leak**

one point for under 24 hours, with an owner

SWIPE →**Vesselin Malev**

Founder, The Demand Department

CHECK 6 OF 8

6

DO POST ENGAGERS ENTER THE SYSTEM?

Are they enriched, filtered by ICP and sequenced? **Or do they get a like back?**

PASS · one point**FAIL · you found a leak**

one point for the sequence, not the like

SWIPE →**Vesselin Malev**

Founder, The Demand Department

CHECK 7 OF 8

7 DOES EVERY CHANNEL WRITE TO ONE RECORD?

Can you see one person's email,
LinkedIn and ad history on one screen?

**If the answer is "in the sequencer",
that's a spreadsheet with a login.**

PASS · one point

FAIL · you found a leak

one point for one record per human

SWIPE →

Founder, The Demand Department

CHECK 8 OF 8

8

VOLUME IN, MEETINGS OUT, AT YOUR REAL RATES.

Then the three numbers: **meetings per month, at what volume, in how many weeks.** The math is last on purpose. It only means something once the other seven are real.

PASS · one point**FAIL · you found a leak**

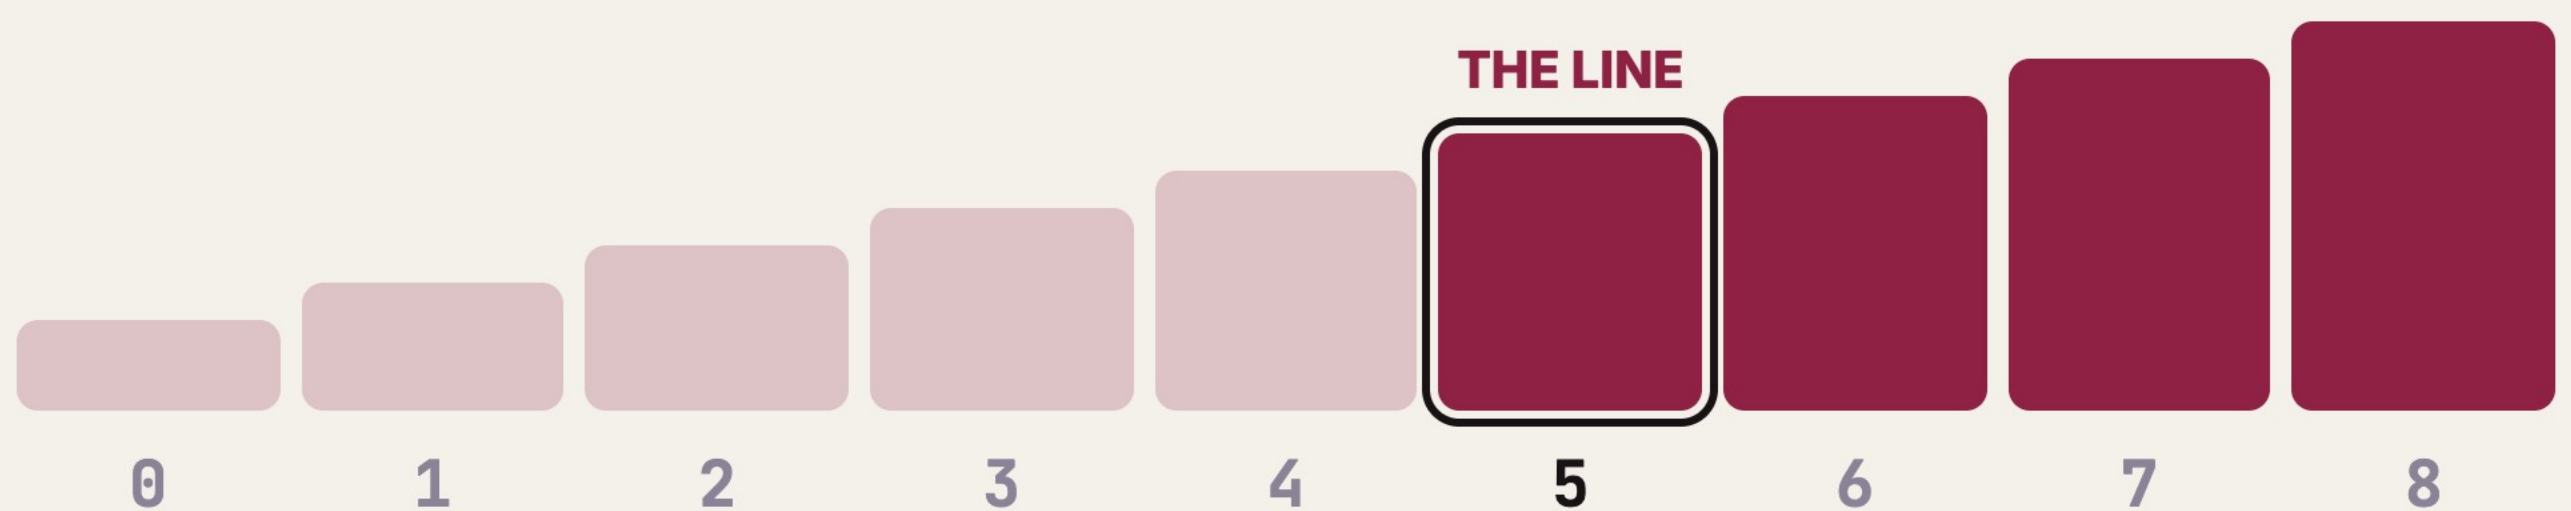

the math is last on purpose

SWIPE →**Vesselin Malev**

Founder, The Demand Department

SCORE IT

UNDER FIVE, YOU'VE FOUND THE LEAKS.

One point per check. Most companies land at **three**. Nobody likes hearing that, and everybody already knew. The math on slide 9 is only worth running **once the other seven are true**.
